AHRC Peer Review College Application Form 2021

1. Introduction

Closing date and time: 4pm, Thursday 25th November 2021. Please ensure that your application has been submitted before this time. Late applications will not be accepted.

AHRC complies with the General Data Protection Regulations 2016/679 (EU) (GDPR). We process and handle personal information according to these regulations. The personal information that you provide on this form will only be used for the processing of your application. The information will be viewed by AHRC staff and those who are part of the decision-making process. Your information will not be used/shared for any other purpose without your specific consent. AHRC reserves the right to publish and share anonymised aggregated information with stakeholders. For further information on how your personal data is used, how we maintain the security of your information, and your rights to access that information we hold about you, please contact the UK Research and Innovation Information Rights Team.

The UK Research and Innovation privacy notice can be found on the [UKRI website](#). This form has been developed using Survey Monkey. Data entered and submitted to AHRC via the form will be held in Survey Monkey for a period in accordance with UK Research and Innovation policy.

As part of the application process, diversity data will be requested to help us assess the diversity of membership. This data will be collected, stored, and used in line with our strict General Data Protection Regulations 2016/679 GDPR guidelines. The use of an individual's diversity data in the selection process will be clearly outlined.

The form asks for your email address, which will be used to inform you of the outcome; for successful applicants, email addresses will be held securely by AHRC and used for the purpose of ensuring that induction training is completed and (where required) Je-S profiles are set up. Successful applicants will be added to our systems using their Je-S profiles and so Je-S information protection policies apply.

Application data will be stored until the recruitment process has been completed, which is expected to be at the end of March 2022. After the recruitment process has been completed, application data (other than anonymised aggregated information) will be deleted.

* 1. Tick this box to confirm that you agree for AHRC to process the information you have provided.

3. Equality, Diversity, Inclusion

In line with good practice and legal requirements, we're now asking you to provide us with your equality and diversity information. Note that this information will NOT be used for the assessment of your application. Assessment outcomes will be reviewed by a panel, who will consider the balance across College membership and may, where applications are of equal merit, take positive action to prioritise applicants where their characteristics or expertise is underrepresented. Individual EDI data provided by applicants will only be used during this step of the process.

About the survey

The information we're asking for is:

- Your date of birth
- Your ethnic origin
- Your country of nationality
- Your gender identification
- Any disability (ref: Equality Act 2010, at <https://www.gov.uk/definition-of-disability-under-equality-act-2010>)

Why do we ask for this information and for what do we use it?

AHRC, as part of UK Research and Innovation (UKRI) collects data on equality and diversity from all applicants for grants, awards and other funding Opportunities. It helps us assess how effective our policies and procedures are, in eliminating unlawful discrimination and promoting equal opportunities. We may use this information anonymously for statistical purposes.

Rest assured it will be treated in confidence, securely protected and in line with UKRI's data protection procedures. Nor will it be used in the assessment of your application. Assessment outcomes will be reviewed by a panel, who will consider the balance across College membership and may, where applications are of equal merit, take positive action to prioritise applicants where their characteristics or expertise is underrepresented. Individual EDI data provided by applicants will only be used during this step of the process.

You do not have to complete this survey, and can choose to only disclose the information you want. However, by answering each question, we stress you will be helping us to monitor equality of opportunity for all.

About your data

UK Research and Innovation capture and process personal information in line with current UK data protection legislation. Our [Privacy Notice](#) (opens in a new screen) provides more information around the processing of personal information and explains how to exercise your rights as a data subject.

All personal data collected in this survey will be used in accordance with our notifications. UKRI, and other approved funding organisations, will use this data for statistical analysis; in relation to the evaluation of research, the study of trends and to inform policy and strategy studies.

By providing this information about yourself, you agree to us being processed it in this way and stored on our associated internal systems, in line with fulfilling our public task responsibilities under UK data protection legislation.

Following the conclusion of the processing of the AHRC Peer Review College applications in March 2022, this data will be anonymised (your name will be removed from the information that you supply).

If you have any queries with regard to the processing of your personal data, please contact our Data Protection Officer using dataprotection@ukri.org
